- 7. Are those named all of the heirs at law of Rosa M. Cooper?
  - A. Yes.
- 8. What is a fair market value for the real estate left by Rosa M. Cooper?
- A. It is just a house and lot in Knoxville, the house is not much and needs repairing, and I believe that \$250.00 is a fair price for the property in its present condition. and it was advertised for sale/for taxes.
- 9. Would it be for the interest and advantage/to confirm a sale of the property at that price?
- A. Yes. The property is in bad repair, and no one to properly care for it while it belongs to all parties in interest, and through the sale the infant children will have a home there, so that it would be very advantageous to the children. The property was going to pieces and no one would pay the texes, so that the property was sold for taxes, but has been redeemed by Mr. Lynn, the father of the infants mentioned in this cape.
- 10. Did your mother leave a last will at the time of her death?
  - A. None that could be found.
  - 11. To the general interrogatory?
  - A. I believe that is about all.
